

Support Green Power!

The New England Wind Fund

Hudson Light & Power Department

The Hudson Light and Power Department has joined forces with the Mass Energy Consumer Alliance to help promote the development of wind power in New England.

Mon-Frid 8 am to 4:30 pm
**Phone: 978-568-8736
Fax: 978-562-1389***

Closed weekends and holidays.

New England Wind Fund

The New England Wind Fund is an excellent choice in promoting Green Power because wind is capable of providing large amounts of zero-emission energy right here in New England. By promoting a cleaner environment, Hudson Light's customers can help the area address the serious issues of global warming, health and energy independence.

The Mass Energy Option

When it became apparent that customers were interested in Green Power, Hudson Light began investigating ways of promoting renewable energy. A non-profit group, Mass Energy offered us a program that meets our goal of allowing customers to support wind power developments. Mass Energy has 25 years experience in the energy market.

How to Participate

Those interested can participate by making a tax-deductible contribution of their choice on a monthly or one-time basis to the New England Wind Fund. As a cost-savings measure, customers who wish to support wind power can subscribe directly with Mass Energy by using the form at right.

For more information on Hudson Light's Green Option, visit our homepage at www.hudsonlight.com. We are proud to partner with Mass Energy and to assist their goal of building a better world through the development of renewable energy.

Three Easy Ways to Join New England Wind Fund

- 1) **Online:** www.newenglandwind.org/wind/hudson.php
- 2) **Mail:** Fill out the form below and mail to:
Mass Energy, 670 Centre St., Boston, MA 02130
- 3) **Phone:** 800-287-3950
