2017 Rebates & Incentives

Appliances, Solar, Commercial Lighting and More

Hudson Light's generous conservation and incentive program will continue this year. If you are planning to install solar panels, purchase residential appliances, upgrade your business' lighting or just want to make sure your home is as efficient as possible, review our conservation programs for incentives.

Photovoltaic (PV) Incentive

Qualifying PV installations can receive up to \$6K for residential projects or \$12K for commercial projects. We do not net meter, but offer a monthly credit for Distributed Generation based on the Power Adjustment charge (PAC), set at 4.2 cents per kilowatt-hour (kWh) as of 2/1/2017. The PAC represents the cost to purchase electricity on the open market, plus capacity and transmission costs.

Residential Energy Star Appliance Rebates

Residential Customers can receive a bill credit of 10% of the purchase price up to \$50 for certain Energy Star rated appliances (see left). Customers must provide the original sales receipt and Energy Guide showing the Energy Star.

Residential Energy Star Heating/Cooling Rebates

Residential Customers can receive a bill credit of 50% of the project price up to \$500 for certain Energy Star heating/cooling systems. Customers must provide the original sales receipt and AHRI Certificate.

Residential Heat Pump Water Heater Rebate Program

Residents who install a qualified electric heat pump water heater are eligible for a credit of 50% of the project cost up to \$750. Customers must provide the original sales receipt showing the model number.

Conservation Programs:

Photovoltaic Incentive

\$1 to \$1.25 per watt

Monthly Distributed Generation

Credit based on Power Adj.

Charge

Forest Avenue, Hudson.

Incentives . . .

Residential Home Energy Audit Program

Residential Customers can contact the Energy Hot Line at 888-772-4242 to discuss technical consumption issues and schedule a free home energy audit. The audit includes free infra-red screening, free conservation materials and 6 free LED Light Bulbs.

Residential Online Lighting Store

We have partnered with the Energy Federation to bring residential customers discounted CFL and LED bulbs at our online store. Bulbs are discounted 50%. Advanced Power Strips are discounted \$15. Visit <http://www.energyfederation.org/hudson/>

Commercial and Industrial Energy Efficiency Rebate Program

Hudson Light offers business and municipal customers financial incentives to replace inefficient lighting and to update across-the-line starters with variable-frequency drives on existing motors. Customers must first complete an energy audit with our provider, Energy New England. Restrictions based upon credit apply.

Commercial and Industrial Energy Audits

Business and municipal customers interested in improving their energy efficiency can contact the Energy Hotline at 888-772-4242 to schedule a lighting or energy audit. The audit will be partially subsidized by Hudson Light by 50% up to maximums established by size (see right). Restrictions based upon credit apply.

For more detailed information on our incentive programs, visit www.hudsonlight.com or call us at 978-568-8736. Applications are also available at our Main Office at 49 Forest Avenue in Hudson.

Commercial Rebates

Municipals: 50% up to \$15K per town
 Small Businesses: 50% up to \$4K
 Medium Businesses: 50% up to \$9K
