Appliance rebate program expanded

In an effort to encourage energy-wise decisions and to help you save on your energy bills, the Hudson Light and Power Department has expanded its Residential Appliance Rebate Program.

Effective with 2016 purchases, we will offer rebates on Energy Star electric clothes dryers and air purifiers (cleaners) of 10% of the purchase price up to \$50 per unit. We have also increased the annual limit for appliances from \$100 to \$250 for 2016.

To file for an appliance rebate, submit an application, original sales receipt and Energy Star label.

We have also increased the residential rebate on Energy Star-installations of central air conditioning and heat pumps for 2016 purchases from the old standard of \$100 to 50% of the project cost with a limit of \$500. These purchases will now be handled separately from the appliance rebates and will not impact the maximum limit allowed on appliance purchases.

Be careful of collection scam!

We are receiving reports that the con artists trying to scam you out of your hard-earned money are still out there. These thieves will call you and threaten to shut off your electricity if you do not make a payment with a pre-paid credit card. They may try to get your personal information. Do not let them!

We do not call customers and make such demands. If you get one, call us at 978-568-8736. We can tell you the status of your account. If anyone calls you and makes you feel uncomfortable, hang up and call the police.

RCS program expanded

To file for a residential heating/cooling rebate, submit an application, original sales receipt and AHRI Certificate from your contractor.

The rebates are awarded as credits on your account. They are open to residential accounts only for installations at the customer of record's primary residence. The program is not open to landlord accounts or builders.

For further information or an application, call us at 978-568-8736 or visit us online at http://www.hudsonlight.com/Customer_Service/conservation.html.
