

Customer Newsline

November, 2016

1. Gift Certificates ...

The season of giving is upon us again - give the gift of light!

2. Public Power ...

Thank you for helping us celebrate Public Power Week.

3. About Us ...

Hours, meeting dates, mailing information.

It is that time again - Gift Certificates available

With the gift-giving season almost upon us, what better way to wish that hard-to-gift person a Happy Hanukkah, Merry Christmas or Happy Kwanzaa than with a gift certificate for electricity?

If you can provide us with a name and address, we can credit any customer's account with your gift. You'll receive a handsomely-designed acknowledgement on fine linen paper to give to your recipient. Prefer your gift to be anonymous? We can send a letter to the customer advising them of the donation.

Interested? Please do not hesitate to give us a call at **978-568-8736**.

New Mailing Address

There was some confusion last month regarding our new mailing address for payments. Our new mailing address for payments only is a Boston (not Hudson) address: PO Box 844568, Boston MA 02284. It is really quite simple: 1) if you use a payment processing service, you must update our new PO Box address with them; 2) if you use the payment envelope provided, please continue to do so - the address has been updated for you!

You can still pay at our Main Office at 49 Forest Avenue in Hudson, the Town Hall on Main Street in Hudson, or the 24-hour drop box at both locations.

Thank you for celebrating with us!

Hudson Light and Power would like to take this opportunity to thank everyone in our community for a successful and well-attended Open House on Saturday, October 1st. The purpose of the Open House was to celebrate Public Power Week and to remind our customers of the distinct advantages that local, not-for-profit electric utilities provide.

Power Station Tour on Open House Day.

We are particularly appreciative of the support we received from the other Hudson Town Departments. These include the Recreation Department for use of the field, the Department of Public Works for their support in getting the site ready and the Police and Fire Departments for hosting information tents.

A special thanks to our hot dog vendor T's Top Dog and our ice cream vendor Juniper Farms, as well as our representatives from Energy New England who provided information about our energy conservation programs and R.F. Gouley Co. who provided safety information and photographed the event.

Employees install a new seal at the Power Station as they prepared for the Open House.

We sincerely hope that those of you who attended thoroughly enjoyed yourselves and thank you all for making the Open House a success!
